# Details and Rules

## 1. Time Length

**All Rentals are a 2-hour minimum** with the option to add additional time in half hour increments for an additional fee.

## 2. Set Up / Clean Up

Any set-up/clean up must happen within the rental period

## 3. Number of Dogs/People

Rentals are a flat fee, not a per/dog rate like our standard appointments. Most areas can accommodate 10-20 dogs and their humans. For the Indoor Pool, we don't recommend more than 10 bodies at a time (dog AND human).

## 4. Age Limit

Children must be at least 12 years old to enter any of the pool areas. Children under 12 are not allowed to be in the Indoor Pool room or inside the fence of the Resort Pool. They can be in the play yards or patio area. Owners must be able to safely supervise their dog and children

## 6. Food and Drink

You are welcome to bring along food and drinks during your rental. No glass containers. A fridge/freezer is provided for the Resort Pool Space.

## 6. Tables and Chairs

We have a few folding tables and chairs available to use in our Indoor/Outdoor Play area. For larger parties, you may want to bring additional ones, or have guests bring chairs if desired

## 7. Swim at your own risk

All swimming, dog and human, is at your own risk. There is no lifeguard on duty. We don't recommend being in the pools when there is a large group of dogs swimming, especially if they are jumping in from the sides.
